

ARUN N P

B.Tech in Computer Science and Engineering

9778381648 | arunnpprasad1729@gmail.com | LinkedIn | GitHub

SUMMARY

Computer Science undergraduate with a strong foundation in Data Structures, Algorithms, and mathematics. Full-stack development competency (MERN stack, JavaScript) built through the 100xDevs Web Development Cohort. Demonstrated leadership, adaptability, and quick learning ability through academic projects, competitive programming, and club leadership roles.

TECHNICAL SKILLS

Web & Frameworks: JavaScript (ES6+), React.js, Node.js, Express.js, MongoDB (MERN Stack), HTML, CSS, REST APIs, JSON, JWT Authentication

Programming Languages: Python, C, C++, Java

Databases: MongoDB, MySQL, SQL, PL/SQL, Relational Database Design

Core CS: Data Structures, Algorithms, Problem-Solving

Tools & Frameworks: Git, GitHub, GitHub Actions, VS Code, Linux, DosBox, OpenCV, Socket Programming

EDUCATION

Muthoot Institute of Technology and Science (MITS), Kerala

2023 - Present

B.Tech in Computer Science and Engineering — CGPA: 8.68

St. Thomas HSS Kelakam

2020 - 2022

Higher Secondary Education, Computer Science

PROJECTS

Multi-User Course Selling Website

MERN Stack, JavaScript

- Built a comprehensive, full-stack course selling platform featuring distinct instructor and student dashboards during the 100xDevs Cohort.
- Implemented secure user authentication, course management (CRUD), and a seamless purchase flow using JavaScript and state management.

OffPay - Offline Payment Application

Android Studio, Java, XML, Socket Programming

- Developed a peer-to-peer offline payment solution enabling secure local transactions without active internet access.
- Leveraged socket programming over Wi-Fi and hotspot connections to establish low-latency, secure communication links between devices.

Nose-Controlled Mouse

Python, OpenCV

- Developed a hands-free mouse pointer system using computer vision to track nose movement, demonstrating proficiency in image processing and application development.

College Project Website

HTML, CSS, JavaScript

- Designed and developed a responsive project documentation site, hosted via GitHub Pages.

EXPERIENCE & ACTIVITIES

- 100xDevs Cohort Participant: Completed an intensive web development program covering advanced JavaScript, full-stack development, asynchronous programming, MERN stack architecture, and DevOps fundamentals.
- ICPC Online Round Participant (2025): Achieved an online round rank of 2,748, demonstrating strong Data Structures, Algorithms, and problem-solving ability in a competitive environment.
- Competitive Programming: Solved 130+ problems on Codeforces and 100+ problems on LeetCode, strengthening algorithmic problem-solving and coding proficiency.
- Tinker Hub Useless Project Competition, MITS (2025): Selected to build and demonstrate innovative prototypes, showcasing creativity and rapid development skills.
- PALS Club - Finance Lead, MITS (2025): Managed club finances, demonstrating fiscal responsibility, organizational leadership, and communication skills within a team.

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL: Programming, Data Structures and Algorithms using Python
- Supervised Machine Learning & Unsupervised Machine Learning (Coursera)
- Cambridge Linguaskill English Certificate

SOFT SKILLS & LANGUAGES

Soft Skills: Adaptability, Quick Learning, Problem-Solving, Leadership

Languages: English, Malayalam, Basic Hindi, Basic Tamil
